

THE LOSS OF MILK through improper feed is enormous. You will be surprised how much more milk your cows will give if you will furnish them a ration especially prepared for milk production. Just for curiosity sake go to your dealer and get a couple sacks of

BADGER DAIRY FEED

the molasses feed that is surprising even the old time dairy feeders, and try it on one of your cows. This feed will build up a cow's physical powers, furnish her lactal organs with milk making nutrition to such a degree that her flow will increase 20 per cent. It is simply because it is composed of the best known grains combined with pure molasses making a succulent feed that cows like and produce big results on.
